

Blue Shield Asphalt Barrier Papers provide a semi-permeable, moisture resistant barrier. Unlike a poly-coating, asphalt barriers have higher MVTR ratings allowing gradual transmission of moisture – ideal for flooring underlayment, concrete curing and export packaging.

Asphalt Barrier Papers

Grade	Description	Standard Sizes	Applications
Asphalt Saturated (AS)	Non-Reinforced, Asphalt Saturated Paper	36" x 144' – 100 rolls/pallet	Flooring Underlayment
3030	Non-Reinforced, Asphalt Laminated Paper	36" x 167' – 94 rolls/pallet 36", 48" x 600' – 32 rolls/pallet 60", 72" x 600' – 30 rolls/pallet	Flooring Underlayment, Concrete Curing, Industrial Packaging
3560	Reinforced, Asphalt Laminated Kraft Paper	36", 48" x 300' – 44 rolls/pallet 60", 72" x 300' – 36 rolls/pallet 96" x 300' – 25 rolls/pallet	Export Container Liner, Industrial Packaging, Concrete Curing

Blue Shield Poly-Coated grades feature excellent moisture barrier extrusion coatings with varying levels of tear resistance. Primary application is industrial packaging of materials sensitive to moisture such as metal.

Poly-Coated Products

Grade	Description	Standard Sizes	Applications
Poly Wrap (PW)	Medium Duty Poly-Coated Kraft Paper	36", 48" x 600' – 36 rolls/pallet 60", 72", 96" x 600' – 30 rolls/pallet	Light Duty Packaging – provides moisture barrier and limited tear resistance
Reinforced Poly Wrap (RPW)	Economy Metal Wrap Tri-Directional Scrim Reinforced Poly-Coated Paper	36", 48", x 600' – 32 rolls/pallet 60", 72", 96" x 600' – 30 rolls/pallet	Light Duty Packaging - provides moderate tear and moisture protection
General Purpose Wrap (GPW)	Regular Duty Metal Wrap Poly-Coated, Fiberglass Reinforced Laminated Paper	36", 48", 60", x 300' – 50 rolls/pallet 72", 96" x 300' – 36 rolls/pallet	Medium Duty Packaging –provides the highest level of moisture protection and moderate tear resistance.
Woven Wrap (WW)	Poly-Coated PP Woven	36", 48", x 600' – 50 rolls/pallet 60", 72" x 600' – 42 rolls/pallet 96" x 600' – 30 rolls/pallet	Heavy Duty Packaging - provides a high level of tear resistance and moderate moisture barrier.
SuperBlack	Reinforced, Black PE Coated Vapor Barrier	96" x 250' – 42 rolls/pallet	Concrete Underlayment
