

Aqueous Coated Specialties

The combination of Holland's wide width, multistage water-based coating capabilities (up to 116") and the company's innovative spirit have produced a multitude of coated paper products.

The majority of Holland's aqueous coated products are paper based substrates with the following types of coatings:

- Release Coatings – Non-Silicone
- Barrier Coatings
- Heat Seal Coatings
- Flame Retardant
- VCI Rust Inhibiting
- Gloss and Scuff Resistant Coatings
- Anti – Skid

Coating Capabilities

Type: Water Based

Maximum Width: 116"

Max Roll OD: 60"

Substrate Basis Weight Range: 20 lb to 250 lb per ream (3000 sf)

of Coating Stations: 2

Coating Type: Rod and Air Knife

Coating Weight Range: 3 lb to 30 lb per ream (3000 sf)
