

Product Overview – Barrier Folding Carton Stock

Specification Range

Color: Natural Kraft & White Board Stocks

Caliper Range: 16 – 30 pt

Coating Thickness: 0.5 – 3 mil

Width Range: Up to 103"

Roll OD: 60" Maximum

Product Classification: Barrier Coated Paperboard Stock

Intended Use: Barrier applications for single use paperboard, folding cartons. Common uses include food packaging, take-away containers, other paperboard packaging applications requiring barrier properties.

Primary Components: Paperboard (various options outline below), Coating (various options outline below)

Coating Finish Options: Three different coating finishes are available – matte, mirror pocket and gloss. Depending on coating selected there may be some limitations. All coated surfaces can be corona treated to enhance dyne level of the coating – required for some gluing applications or for print reception.

Storage Guidelines: Ideal storage conditions are 60-70°F with relative humidity of 40-50%. Product performance is guaranteed for 1 year from date of purchase.

Paperboard Stock Options

Board Type	Color	Recycled Content	Caliper Range	Relative Cost
Recycled Kraft Board	Kraft	100% (90% PCW)	16-22	\$
Recycled White Top Kraft Board	White Top (74) Kraft Bottom	100% (84% PCW)	16-22	\$\$
